

Fill in the blanks in the following picture of the earth:

Layers of the Earth:

Layer		Description: What is it made up of?	How thick is it?
Crust		Rigid Rock	30 - 100 km
Mantle	Lithosphere	Rigid Rock	3000 km
	Asthenosphere	Viscous Fluid / Soft Plastic	
	Lower mantle	Very Dense	
Core	Inner Core	Very Dense (Pressure) SOLID Iron	3500 km
	Outer Core	Liquid Nickel/Iron
